Summary

A Web Development Bootcamp graduate with hands-on experience building full-stack applications using Next.js, Express.js, Prisma, and PostgreSQL. I bring curiosity, problem-solving abilities, a strong work ethic and a passion for learning. Open to entry-level opportunities that will allow me to apply my skills, grow professionally, and make a positive impact in the field of software development.

Project Experience

Full-Stack Property Renting Application

A full-stack property booking platform for hotels, villas, and apartments, featuring search, reservation, and secure payment functionality. The application includes payment gateway integration, dynamic special pricing, availability management, user reviews & ratings, and revenue reporting for property owners.
